Forward-looking Statement

In this Annual Report, we have disclosed forward-looking information to enable one to fully appreciate our prospects and take informed decisions. This report and other communicate - written and oral - that we periodically make, contain forward-looking statements that set our anticipated results based on management plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'expect', 'project', 'intend', 'plan', 'believe' and words of similar substance.

In connection with any discussion of future performance, we cannot, of course, guarantee that these forward-looking statements will be realised. Although we believe we have been prudent in our assumptions, achievement of results is subject to risks, uncertainties, and potentially inaccurate assumptions.

Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

From the Desk of the Managing Director

Performance Anchored in Strong Fundamentals

Dear Shareholders,

Since assuming this responsibility a decade ago, my vision has been clear: to guide the Company's evolution on the foundation of three enduring pillars—strategic growth, profitable outcomes, and responsible conduct. Over the past decade, we have stayed true to this vision. As a team, our efforts were focused on building an enduring business through long-term strategy, deliberate actions, and focused outcomes.

FY25 was a continuation of that journey. Despite global headwinds and evolving market dynamics, Rishi Techtex delivered one of its best performances yet. We achieved a 12.43% growth in revenue and a 70.54% increase in net profit. The performance was the result of a value-focused product strategy, seamless & disciplined execution, and a business model designed to deliver sustainable growth.

Performance overview

In FY25, our revenues grew to ₹12,562.2 Lakhs from ₹11,173.6 Lakhs in FY24. Profitability was higher: EBITDA rose by 16.74% to ₹888.7 Lakhs, and net profit surged to ₹229.9 Lakhs from ₹134.8 Lakhs in FY24. A deliberate focus on cost optimisation, automation, and operational discipline drove this growth.

Despite global headwinds and evolving market dynamics, Rishi Techtex delivered one of its best performances yet. We achieved a 12.43% growth in revenue and a 70.54% increase in net profit.

The Earnings Before Interest, Taxes, Depreciation, and Amortization (EBITDA) Margin improved from 6.81% to 7.07%, while the net profit margin expanded from 1.21% to 1.83%. The Return on Capital Employed (ROCE) increased from 13.05% to 16.32%, reflecting enhanced asset productivity. These results reinforce the effectiveness of our strategy: to scale intelligently, operate efficiently, and grow profitably.

Power of Compounding Progress

Over the past decade, we have executed a focused strategy to strengthen Rishi Techtext's fundamentals and future readiness. Our investments have centred around three core levers:

- Automation and capacity expansion to drive scale without substantial increase in personnel cost
- Premiumisation and export development to enhance margin quality
- Technology-led cost optimisation to improve operating leverage

In FY25, our performance was directly shaped by these themes:

- **Operational Efficiency:** With the expansion of our Vapi facility and continued automation, we scaled the bag manufacturing division's output while maintaining quality and controlling labour costs.
- **Product Discipline:** We prioritised margin-accretive refinements over diversification—launching high-durability variants and tightening process control to improve cost efficiency and yield.
- **Sustainable Sourcing:** We de-risked raw material inputs through a diversified supplier base and introduced recycled materials into our manufacturing mix, increasing their proportion from 0% to 15% in just two years without compromising product performance.

Pragmatic Financial Prudence

Our performance in FY25 was also underpinned by financial prudence:

Debt-equity improved from 0.96 in FY24

Net worth increased to ₹3,414.5 Lakhs from ₹3,184.51 Lakhs in FY24

Interest coverage ratio remained stable at 1.86

Looking ahead, we remain committed to maintaining a conservative capital structure, funding growth through internal accruals without relying heavily on external borrowings (debt), and evaluating dividend issuance based on long-term visibility rather than short-term surplus.

Growth with Innovation and Intention

In FY25, our focus remained on developing high-performance, high-relevance solutions tailored to the diverse needs of various end markets. Our efforts were strengthened by automation and a robust in-house quality control framework.

In the Knitted Division, we successfully reformulated shade nets and aluminet products to deliver improved tensile strength and UV resistance. The division also introduced new variants of Anti-Hail, Bird, and Flame Retardant (FR) Nets, in alignment with international safety and climatic standards.

In the Woven Division, we integrated advanced sack manufacturing lines to enhance throughput and reduce manual dependency. Product development extended beyond conventional packaging to include tarpaulins, weed mats, and ground covers, targeting growing demand in the agri-infrastructure and horticulture segments.

Looking ahead, we remain committed to a product development strategy that is agile and customer-centric, enabling us to deliver customised solutions across both divisions.

Enhanced Customer Outreach

In FY25, the Woven Division focused on expanding its institutional customer base by introducing customised sack solutions, enhancing print capabilities, and strengthening its presence across sectors such as paints, cement, and agrochemicals.

The division also worked towards building long-term supply relationships with new regional and national clients.

During the year, we supplied over 39 million sq. mts. of shade nets and related knitted products to global markets, with strong demand from the Middle East, Europe, the Americas, and Asia-Pacific regions.

Leadership for the Next Phase

Rishi Techtex is also evolving in terms of its people. As some of our senior leaders approach superannuation, we will look to a new and younger set of leaders in the coming years. Equipped with technical expertise and digital fluency, they are being groomed to take on expanded roles across the organisation.

Targeted skilling efforts support this shift. We have invested in frontline capability—particularly for machine operators, quality controllers, and export compliance teams. These actions ensure that the momentum we build is sustained with people who are equipped and empowered with modern technologies.

Future Outlook

Rising urbanisation, growing awareness around infrastructure safety, and a sharper focus on sustainability are reshaping the way the world thinks about materials and solutions. For us at Rishi Techtex, these megatrends—coupled with the increasing adoption of agritech and evolving regulatory frameworks—reinforce the relevance of our product categories.

At a policy level, initiatives like *Atmanirbhar Bharat*, the National Technical Textiles Mission (NTTM), and a supportive trade ecosystem are creating the right

conditions for companies like ours. We operate at the intersection of innovation, sustainability, and advanced manufacturing—where these policies can translate into real momentum.

Looking ahead to FY26, we are focused on three clear priorities:

- De-risking our business through broader customer and supplier bases
- Sharpening our Direct-to-Customer (D2C) approach, especially in the agritech and build tech segments
- Deepening localisation efforts in machinery and automation

As we move ahead, I am deeply grateful to our Board, employees, bankers and partners, and shareholders for their continued trust in Rishi Techtex. With your support, we look forward to building on this growth and creating long-term value for all.

Thanks and Regards,

Abhishek Patel

NOTES:

1. Pursuant to the General Circular No. 10/2022 dated December 28, 2022, issued by the Ministry of Corporate Affairs ("MCA") 09/2023 dated September 25, 2023 and subsequent circulars issued in this regard, the latest being 09/2024 dated September 19, 2024 in relation to "Clarification on holding of Annual General Meeting ('AGM') through Video Conferencing (VC) or Other Audio Visual Means (OAVM)", (collectively referred to as "MCA Circulars") and Circular SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 5, 2023, Circulars dated October 7, 2023 and October 3, 2024 ('SEBI Circulars') and other applicable circulars issued in this regard, by Securities and Exchange Board of India ("SEBI") (hereinafter collectively referred to as "Circulars"), companies are allowed to hold AGM through VC / OAVM, without the physical presence of members at a common venue.

Hence, in compliance with the Circulars, the AGM of the Company is being held through VC / OAVM. In compliance with the aforesaid MCA Circulars and SEBI Circulars and the applicable provisions of the Companies Act, 2013 ("the Act") and rules made there under and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the 41st AGM of the Company is being held through VC/OAVM on Monday, 11th August, 2025 at 11.00 a.m. The deemed venue for the 41st AGM will be registered office of the Company i.e. 612, Veena Killedar Industrial Estate, 10-14, Pais Street, Byculia (West), Mumbai 400011.

2. The relevant explanatory statement pursuant to section 102 of the Act is annexed hereto.
3. As per the provisions of clause 3.A.II. of the General Circular No. 20/2020 dated May 5, 2020, issued by the MCA, the matters of Special Business as appearing at Item Nos. 3 to 5 of the accompanying Notice, are considered to be unavoidable by the Board and hence, form part of this Notice.
4. Disclosure pursuant to Regulation 36(3) of the SEBI Listing Regulations and Secretarial Standards on General Meetings (SS-2), with respect to Directors seeking appointment/re-appointment at the 41st AGM is annexed hereto. The Directors have furnished the requisite declaration and consent for their appointment / re-appointment.
5. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. However, since this AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
6. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the 41st AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
7. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
8. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to askus@kalamkarassociates.com.
10. In case of the Joint holders attending the 41st AGM, only such joint holder who is higher in the order of names will be entitled to vote.
11. As per Regulation 40 of SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from, April 1, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and also for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrars and Transfer Agents, Adroit Corporate Services Private Limited for assistance in this regard.
12. Updation of PAN and other details

SEBI has mandated the submission of PAN, KYC details and nomination by holders of physical securities before October 1, 2023, and linking PAN with Aadhaar by June 30, 2023 or any other date as may be specified by the Central Board of Direct Taxes ("CBDT") vide its circular dated March 16, 2023.

Members may note that as per SEBI Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/ 2024/37 dated May 7, 2024, it is mandatory for all holders of physical securities in listed entities to update their KYC and choice of Nomination with the Registrar and Share Transfer Agent ('RTA'), in case they have not updated the same. As per the SEBI Circular, effective from April 1, 2024, RTA will attend to all service requests of the shareholders with respect to transmission, dividend, etc., only after updating the above details in the records.

Shareholders are requested to submit their PAN, KYC and nomination details to the Company's RTA. The forms for updating the same are available at www.rishitechtext.com. In case a holder of physical securities fails to furnish PAN and KYC details by October 1, 2023 or link their PAN with Aadhaar before June 30, 2023 or any other date as may be specified by the CBDT, in accordance with the SEBI circular dated March 16, 2023, Company / RTA will be obligated to freeze such folios. The securities in the frozen folios shall be eligible to receive payments (including dividend) and lodge grievances only after furnishing the complete documents. If the securities continue to remain frozen as on December 31, 2025, the Company / RTA shall refer such securities to the administering authority under the Benami Transactions (Prohibitions) Act, 1988, and / or the Prevention of Money Laundering Act, 2002.

As per the provisions of Section 72 of the Act, the facility for making nomination is available for the members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. The said form can be downloaded from www.rishitechtextex.com. Members are requested to submit the said details to their DP in case the shares are held by them in demat form and to RTA in case the shares are held in physical form.

The Company has sent individual letters to all the members holding shares of the Company in physical form for furnishing their PAN, KYC details and Nomination.

Management Discussion and Analysis

Economic Outlook Performance

The new decade has witnessed a series of adverse shocks since its outset. From pandemics to wars, from trade tensions to climate disruptions, the world economy has endured an extraordinary string of crises since 2020.

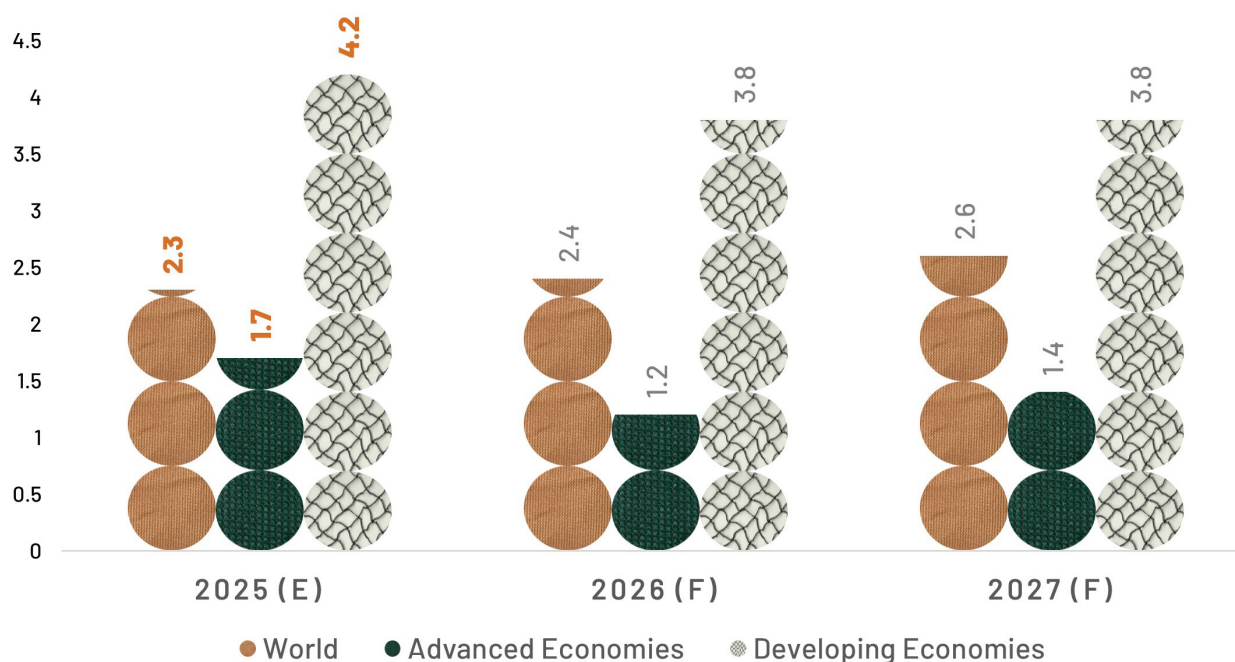

In the globalised world, the intensity of these challenges is compounded by their interconnectedness. For instance, a heating climate increases the risk of pandemics; pandemics undermine economies; shaky economies fuel political upheaval.

According to the June 2025 edition of the World Bank's Global Economic Prospects report, the world economy is forecast to have expanded by just 2.3% in 2025—down from 2.8% in 2024. In FY26, the global economy is projected to slow further as geopolitical tensions and trade wars disrupt international commerce and increase economic uncertainty. (See Chart I: Global GDP Growth).

Chart I: **Global GDP Growth**
(in %)

Decelerating Global Growth

This decelerating global growth is projected to be the slowest pace since 2008, excluding outright global recessions. This has resulted in growth forecasts being cut in nearly 70% of all economies across all regions and income groups.

Furthermore, trade tensions are setting the stage for the weakest decade of growth since the 1960s. Economic development in many of the world's poorest regions has come to a standstill.

Inflation and Monetary Policies

At a projected average of 2.9% in 2025, increased tariffs and tight labour markets exerted upward pressure on global inflation. Core inflation and services inflation are proving more persistent, declining more gradually and remaining above pre-pandemic averages in most countries.

This stickiness complicates monetary strategy normalisation. Central banks are likely to maintain a vigilant and prudent stance, implying that borrowing costs may remain elevated for an extended period.

Rapidly Evolving Polycrises

The primary risks for FY26 include further escalations in trade barriers and heightened ambiguity, which could intensify growth slowdowns and disrupt cross-border supply chains.

Geopolitical tensions also continue to pose a threat, with the potential to trigger new price spikes in commodities.

India Overview

Amid global uncertainty, India stands tall—an island of growth, resilience and opportunity. In FY25, India's economy continued its robust growth trajectory, reinforcing the country's position as one of the fastest-growing major economies globally.

According to the June 2025 edition of the World Economic Prospects by the World Bank, India's GDP growth is projected to be significantly higher than both the global average and the average for developing economies between 2025 and 2027. (refer Chart II: Real GDP Growth).

This period of sustained economic expansion underlines India's continued role as a key driver of global economic growth. It is driven by a combination of evolving factors:

India v/s World Economies by Income Levels

Strong Fundamentals

While global economic uncertainties persist, India's economy demonstrated strong growth, supported by robust consumption and government spending in FY25. During the period under review, inflation moderated, and government measures helped stabilise market liquidity.

Furthermore, political stability, policy continuity, stimulus, and strong reforms increased economic activity, thereby boosting investor confidence in the strengths of domestic demand. However, foreign portfolio outflows and currency depreciation continue to remain key risks.

Positive Interplay of Domestic Conditions

In FY25, India's economic growth was significantly driven by a positive interplay of domestic factors. These include a strong domestic demand, consistent government spending, and resilient external demand.

These factors supported stable commerce & economic activity, helped contain inflation, and fostered optimism in financial markets. The prospects were further propelled by digitalisation, consumption-driven demand, and infrastructure investments.

Opportunities to Scale

India's continuous economic growth is a positive signal for industries, creating fertile ground for investment, production, and consumption. However, as highlighted in the 2025 edition of the Economic Survey, there are challenges in producing critical goods at the required scale and quality.

This affects the ability to meet the infrastructure and investment demands of an aspiring economy. Addressing this gap requires focused investment in domestic supply-chain capabilities, automation and quality control. For the MSME sector, this presents a significant opportunity to scale operations, enhance manufacturing competitiveness, and play a pivotal role in powering India's next phase of growth.

Industry Update

Despite the broader economic turbulence, the global technical textile market is projected to sustain robust growth, consistently outpacing general global GDP forecasts.

The industry is forecast to grow at a Compound Annual Growth Rate (CAGR) of 6.5% between 2025-2032. (refer Chart III: Technical Textiles: Global Growth Prospects).

Domestic Technical Textile Sector

India's technical textile sector is witnessing focused institutional assistance and structural growth, driven by increasing demand across various industries, including healthcare, defence, infrastructure, and agriculture.

In recognition of its strategic importance, the Government of India launched the National Technical Textiles Mission (NTTM) for the period 2020-21 to 2025-26, with a financial outlay of ₹1,480 Crore.

The Mission is structured around four key components to enhance India's capabilities and competitiveness in this high-potential segment. These are:

- Research and innovation
- Promotion and market development
- Export promotion
- Education, training, and skill development

Since the inception of NTTM, ₹393.39 Crore has been deployed towards initiatives in these categories. Notably, 168 research projects worth approximately ₹509 Crore have been approved, underscoring the mission's emphasis on innovation and indigenous development.

Through coordinated efforts involving industry, academia, and government, NTTM aims to position India as a global hub for technical textiles while also fostering self-reliance and export growth in the sector.

Factors Lending to the Growth of the Technical Textiles Sector

The inherent momentum of the technical textiles industry, even amidst a slowing global economy, is driven by several key factors:

Diverse and Non-discretionary Demand Drivers:

The strength of the technical textile market lies in its vast array of applications across critical industries, such as agriculture, automotive, construction, healthcare, and packaging. All of these are direct beneficiaries of the economic ecosystem. This factor makes the technical textile sector less susceptible to downturns in any single industry.

Structural Shifts: The long-term demand for essential, high-performance technical textile materials is being driven by structural shifts such as urbanisation and ageing populations. Additionally, evolving defence requirements and advancements in science and technology are further contributing to this trend. This demand transcends geographic, income, and regional boundaries.

Continuous Innovation: The sector is undergoing a profound transformation fuelled by continuous technological innovation, including the integration of smart textiles and advanced manufacturing processes. These factors, coupled with continuous innovation, allow the sector to maintain a robust growth trajectory that often outpaces the general economic environment.

A Future Ripe with Opportunities

An accelerating global shift towards sustainability and circularity, reinforced by increasingly stringent regulatory frameworks, is reshaping product development and market access for the global technical textiles industry. The competitive landscape is dynamic, marked by strategic consolidation and collaborations aimed at leveraging these trends.

India's journey towards becoming a global leader in technical textiles is gaining momentum. A robust policy framework, combined with advancements in technology and research, as well as investments in skill development, is laying a strong foundation for this transformation. With sustained focus on innovation, capacity building, and strategic regulatory support, India is well-positioned to drive growth in the global technical textiles market. This approach promises to enhance both its economic potential and international competitiveness.

Performance Analysis

In FY25, Rishi Techtex registered revenues of ₹12,562.23 lakhs as against ₹11,173.57 Lakhs in FY24. This marked an increase of 12% in y-o-y performance.

Further, in FY25, Rishi Techtex demonstrated a robust increase in EBITDA by 16.74% – registering an increase from ₹761.30 Lakhs in FY24 to ₹888.72 Lakhs during the year under review.

During the year, the company's net profits stood at ₹229.94 Lakhs. This is a 71% increase over the last year's profits – which stood at ₹134.83 Lakhs.

Operational and Strategic Progress

The increase in both topline and profits is attributed to a combination of operational efficiency, strategic cost control, and a focus on automation. Key contributing factors include:

Capacity Expansion: In FY25, Rishi Techtex doubled the capacity of its Vapi facility, adding new state-of-the-art automated finishing lines and expanding infrastructure to meet growing demand across domestic and export markets.

Operational Efficiency: The Company undertook significant process improvements, optimising material usage without compromising product quality. This lean approach helped reduce input costs and improve margins amid a price-sensitive market.

Automation Drive: Investments in automation—particularly in the bag manufacturing division—resulted in increased output, greater consistency, and better product quality. The increased production capacity, enabled by automation, allowed us to onboard new institutional customers. This contributed to a more balanced and profitable order book.

Strategic Sourcing: Raw material sourcing was diversified from a single supplier to multiple vendors. This included government vendors, such as Mangalore Refinery and Petrochemicals Limited (MRPL), and suppliers based in the Middle East. This sourcing strategy led to better pricing and supply stability. We also introduced recycled raw materials as a part of our sourcing strategy in line with our commitment to sustainable manufacturing.

Stable Product Portfolio: Alongside investing in a few new products, the company concentrated on refining existing formulations and expanding the efficiency of its current lines. This approach ensured profitability without incurring unnecessary R&D expenses.

Together, these strategic and operational moves created a strong foundation for profitable growth.

Challenges to Performance

While the year saw significant gains, Rishi Techtex faced certain macro-economic challenges in the border context of operational and market realities faced by our industry:

-  **Price-sensitive Segments:** Some product categories, particularly in the construction and infrastructure space, operate within highly price-competitive environments. This limits our pricing flexibility and puts pressure on per-unit margins.
-  **Technology Adaptation:** Even as we continued to invest in automation, adapting to new technologies

and ensuring alignment with performance expectations remains an ongoing process.

Barriers to R&D Investments: In some categories, consumer understanding of long-term product value remains limited, impacting demand for more durable or specialised variants. This factor presents a hurdle to product innovation and long-term differentiation, which we believe will see a correction.

These challenges underscore the importance of our strategic agility, deeper customer engagement, and sustained investment in technology and skilling to navigate evolving market dynamics.

Opportunities for growth

As we consolidate our core strengths, we continue to identify emerging areas that can drive sustainable, long-term value for the business.

Export Markets

There is clear potential for further market development and geographic diversification. However, we remain prudent in our approach to expanding export-led growth, given the evolving global trade environment and associated complexities.

Recycled Material Integration

Over the last two years, our use of recycled materials has increased from 0% to 15%.

While fully biodegradable solutions remain absent due to durability requirements, the Company continues to explore hybrid solutions without compromising strength or shelf life.

Evolving Regulatory Landscape

Rishi Techtex operates across segments where public and government policy plays a significant role in driving adoption.

Increased enforcement of regulatory guidelines, especially in the areas of safety, along with targeted incentive mechanisms, can create strong tailwinds for growth across our product categories.

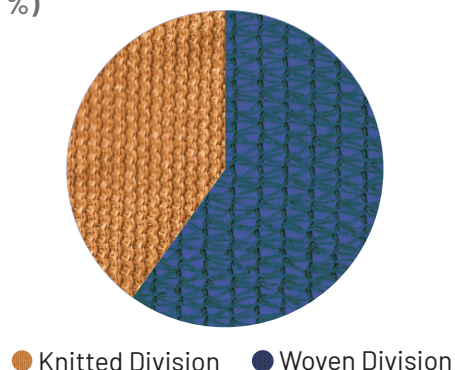

Together, these avenues represent forward-looking opportunities to diversify our portfolio, increase our competitiveness, and reinforce our position as a resilient, future-ready enterprise.

Division-wise Review

Rishi Tectex structures its operations around two specialised manufacturing verticals: the Woven Division and the Knitted Division. Both the divisions leverage distinct technologies and market applications.

Together, these divisions enable the Company to meet a broad spectrum of industry requirements with precision and adaptability. (refer Chart IV: FY25 : Segment wise Revenue Contribution (in %))

Woven Department

Overview

The Woven division focuses on products made using weaving techniques, where flat tapes of Poly Propylene (PP) or High-Density Poly Ethylene (HDPE) are interlaced at right angles to form strong, durable fabric. The process ensures high tensile strength and structural integrity.

Segment	Products	End-Use Cases
 Protech	Bird Nets	Airports, industrial facilities, hospitals
	Anti-hail Nets	Open-field vegetable farming, floriculture, sports grounds, open storage areas, parking areas
	Windbreak Nets	Agriculture, livestock enclosures, urban landscapes
	Flame Retardant (FR) Nets	Stadiums, public buildings, infrastructure
 Packtech	PP/HDPE Woven Sacks	Paints & coatings, cement, agrochemicals, bulk commodities
	Laminated Woven Bags	Fertilizer, food grains, animal feed
	Custom Printed Sacks	Branded retail, specialty packaging

Select Customer List

FY25 in Review

The Woven Division maintained its contribution to the Company's consolidated revenues in FY25, driven by continued demand from the paints, cement, and petrochemical industries.

With a total installed capacity of 50 million woven sacks per annum, the division reported stable volumes in domestic markets. Efforts in process streamlining, cost rationalisation, and automation helped mitigate price sensitivity in core segments.

Automation Supports Scale

The division operates in highly price-sensitive environments, especially in the construction segment, where product differentiation is low. Investments in automation enabled us to increase the output across bag production lines, leading to improved throughput and reduced dependence on manual labour.

Two automated lines were added this year, further standardising output and supporting scale.

An Expanding Customer Base

Further, the Company also broadened its institutional customer base, successfully onboarding entities such as Aditya Birla Paints. At the same time, we continued to strengthen our long-term relationship with anchor clients such as Asian Paints.

A healthier portfolio diversification continues to be our goal to ensure a robust de-risking strategy.

Innovating to Capture New Segments

Over the past few years, we have expanded the product mix of the Woven Department beyond traditional segments such as PP and HDPE woven sacks to include tarpaulins, weed mats, and ground covers.

These additions have supported the Company's entry into new sub-segments such as horticulture and civil infrastructure.

Custom-branded woven industrial bags

Knitted Department

The Knitted Division produces fabrics by inter-looping yarns—typically of High Density Polyethylene (HDP)—to create flexible, lightweight nets with high breathability and UV resistance.

Rishi Techtex exports its knitted products which are designed to protect crops, enhance yields, and ensure safer environments. They are ideally suited for horticulture, construction, and environmental protection.

Segment	Products	End-Use Cases
 Agrotech	Shade Nets	Greenhouses, nurseries, poultry farming
	Crop Cover Nets	Open-field vegetable farming, floriculture
	Mulch Mats	Row crops, vineyards, water retention farming
	Aluminet	Climate-controlled farming, polyhouses
 Buildtech	Construction Safety Nets	High-rise construction, scaffolding, infrastructure projects
	Debris Nets	Dust control, renovation zones, multi-storey building sites
	Balcony Safety Nets	Residential complexes, commercial buildings
	Facade Protection Mesh	Aesthetic building wraps, event installations

Revenue Performance

The Knitted Division continued to be a key growth driver for Rishi Techtext in FY25, anchored in a commitment to quality, innovation, and export excellence.

Our state-of-the-art facility is equipped with advanced production lines to deliver shade nets ranging from 20 GSM to 400 GSM. They are available in all industry-standard configurations—Tape x Tape, Tape x Mono, and Mono x Mono. These capabilities enable the division to address a broad spectrum of requirements with precision and flexibility.

Portfolio Expansion

In FY25, we introduced an expanded range of Aluminet, Anti-Hail, and Fire-Retardant (FR) Nets, supporting climate resilience and safety requirements across international markets. Together, these categories accounted for over 1.32 million sq.mts in exports during the period under review.

Additionally, the Company enhanced its portfolio of Bird Nets and Crop Covers. The combined exports in both these categories exceeded 4.95 million sq.mts, reflecting growing demand across agriculture, horticulture, and urban infrastructure.

Product Innovation and Improvement

In line with our commitment to continuous product improvement, we developed a new variant of the silver net that closely mirrors the quality of imported alternatives at

a more accessible price point. The newly introduced material is 40% stronger than the previous version, enabling us to offer a 3-year product guarantee. This marks a significant enhancement over earlier iterations that carried no warranty.

The division also piloted a direct-to-customer packaging model, with plans to roll out retail-ready variants in FY26.

Expanding Export Footprint

In FY25, the Company exported over 39.4 million sq.mts of shade and technical nets to 11 countries, including established markets in the Middle East, UK, and Guatemala.

We also added new institutional buyers in Ireland and the USA (refer chart V: Country-wise Exports.)

- The total weight of exported products increased from 560.60 MT in FY24 to 668.62 MT in FY25 – indicating a growth of 19.3%
- The surface area expanded by 9.74% – from 35,93,592.00 sq. mtrs in FY24 to 39,43,553 sq. mts in FY25
- The export revenues registered a double digit increase at 13.7% – from ₹1,292.46 Lakhs in FY24 to ₹1,468.88 Lakhs in FY25

This consistent performance across volume, surface area, and revenue underscores the trust placed by international buyers in the quality and reliability of the products manufactured by us.

Human Resources

In FY25, Rishi Techtex continued to build a performance-driven, agile, and future-ready workforce aligned with its long-term strategic objectives.

To ensure sharper execution at the ground level while keeping decision-making efficient and decentralised, Rishi Techtex:

➤ Maintained a lean senior management structure while selectively strengthening its frontline teams across sales, operations, and procurement. This approach ensured an ability to prioritise, understand and meet customer needs as they arise.

➤ Recruited talent with domain-specific expertise, particularly in technical textiles and export compliance. This was done to support the Company's evolving product mix and global customer base.

In line with operational expansions and process automation, the Company invested in skill-building initiatives for machine operators and quality control teams:

➤ Focused on fostering a culture of accountability, safety, and continuous learning.

➤ Introduced training modules to familiarise employees with upgraded machinery, industry-specific compliance norms, and customer engagement practices.

Over the next few years, we will gradually see a younger leadership team emerge, as some of our senior professionals retire due to superannuation.

As Rishi Techtex grows its global and domestic footprint, employee engagement and capability development remain central to sustaining quality, innovation, and productivity across both divisions.

Sector Momentum and Strategic Alignment

Approximately 15% of India's total textile and clothing market is made up of technical textiles, which ranks seventh in the world. Since FY21, India has been a net exporter of this segment.

While imports have decreased at a 1.7% Compound Annual Growth Rate (CAGR) since FY19, exports have increased at a 5.3% CAGR. Technical textile imports and exports from India totalled \$2.05 Billion and \$2.59 Billion, respectively, in 2024. The market, valued at \$29 Billion, is expected to grow significantly.

The focus on technical textiles is backed by sustained government and industry momentum, positioning the sector as a key enabler of national development priorities. Technical textiles offer structural advantages—functionality, price stability, and stronger margins—unlike traditional fashion textiles, which are more vulnerable to demand volatility.

Flagship initiatives such as *Atmanirbhar Bharat* and *Viksit Bharat*, alongside interventions like the National

Technical Textiles Mission (NTTM), Production Linked Incentive (PLI) Scheme, and PM MITRA Parks, have created a supportive business environment. The 2025 Union Budget's tax rationalisation on textile machinery and increased Basic Customs Duty on knitted fabrics further strengthen domestic manufacturing while discouraging low-value imports.

Rishi Techtex is well-aligned to benefit from these structural tailwinds. While near-term performance metrics reflect mixed outcomes and enhanced scrutiny on debt servicing, there is significant headroom to drive growth.

This can be achieved through focused investments in sustainable, value-added products and collaborative partnerships that enhance long-term competitiveness and profitability.

Strategic Priorities in FY26

Rishi Techtex is poised to build on the momentum of FY25 with a focused and forward-looking approach.

The key priorities and growth drivers for FY26 are outlined below:

Risk Mitigation and Supply Chain Resilience

Our goal is to de-risk operations by:

- Diversifying the customer base to increase the number of large-volume buyers.
- Broadening the supplier pool to ensure continuity and cost-efficiency.
- Expanding into new geographies and end-use industries.
- Moving towards sustainable and environmental friendly raw-material solutions alongside balancing commercial viability

Pivot to Direct-to-Customer (D2C) Strategy

The Company plans to expand its direct engagement with end-users, particularly in the Agrotech and Buildtech segments, to enhance customer stickiness, improve feedback cycles, and strengthen realisations by bypassing intermediary layers.

Product Mix Optimization

We will continue the shift toward high-value, application-specific products such as fire-retardant nets, anti-hail nets, and customized woven packaging for industrial use.

Atmarnirbharta in Automation

We are exploring Indian-made machinery to enhance cost efficiencies and reduce turnaround time on maintenance.

Protech

- Deepen penetration into B2B industrial buyers.
- Explore niche exports to regulated markets in Europe and the Middle East

Packtech

- Scale up production volumes with automation, customization and design flexibility.
- Target new industries including food processing, cement, and agri-commodities.

Agrotech

- Launch application-specific variants for horticulture, floriculture, and protected farming.
- Strengthen partnerships with agri-retailers and cooperatives under the D2C strategy.
- Leverage export presence to unlock further market access

Buildtech

- Expand into safety-compliant nets for civil works and public infrastructure.
- Position fire-retardant nets for high-risk zones and regulated markets.
- Produce Retail Ready Nets for Home use

Macro trends such as urbanisation, rising construction safety standards, and advancements in agritech continue to create tailwinds for growth. Both divisions are strategically aligned with the Company's broader vision of scaling operations, enhancing efficiency, and diversifying its customer base.

On the strength of the above factors, Rishi Techtex is well-positioned to build on its strengths in FY26.

Risks and Uncertainties

Rishi Techtex operates in a dynamic and evolving business environment that is exposed to a range of external and internal risks. These include macro-level disruptions such as geopolitical tensions, acts of terrorism, natural calamities, pandemics, and other unforeseen man-made events.

Fluctuations in currency exchange rates—driven by shifts in domestic and international economic policies—may also influence the Company's financial performance. Additionally, sector-specific risks such as raw material availability, volatility in crude oil prices, and changes in interest rates continue to pose potential challenges to operational and financial stability.

Internal Controls

To proactively address these risks, the Company has instituted a comprehensive and well-structured system of internal controls that span both financial and operational domains. These controls are tailored to the size and complexity of Rishi Techtex's operations and are in full compliance with applicable regulatory frameworks.

Regular internal audits are carried out to evaluate the effectiveness and adequacy of these controls. Based on audit outcomes, corrective measures are promptly implemented to strengthen governance, ensure compliance, and support continuous process improvement across the organisation.

Cautionary Statement

This Management Discussion and Analysis contains forward-looking statements that reflect the Company's current expectations, projections, plans, and assumptions. These statements are inherently subject to risks and uncertainties, many of which are beyond the Company's control.

Actual results may differ materially from those projected, owing to a variety of factors including, but not limited to, shifts in economic conditions affecting demand and pricing, changes in government policies or regulations, taxation laws, and other macroeconomic or industry-specific developments.

- **SHARE TRANSFER SYSTEM:**

The Company's equity shares are compulsorily traded on in dematerialised form as per the SEBI guidelines.

Securities of the listed companies can be transferred only in dematerialized form w.e.f. April 1, 2019. Further, SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022, mandated all listed companies to issue securities in dematerialized form only, while processing the service request of issue of duplicate securities certificate, claim from Unclaimed Suspense Account, renewal/exchange of securities certificate, endorsement, sub-division/splitting of securities certificate, consolidation of securities certificates/folios, transmission and transposition.

In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are advised to dematerialise the shares held by them in physical form. Members can contact the Company or RTA, for assistance in this regard.

Also, share transactions in electronic form can be effected in a much simpler and faster manner. After a confirmation of a sale/purchase transaction from the broker, shareholders should approach the Depository Participant ('DP') with a request to debit or credit the account for the transaction. The DP will immediately arrange to complete the transaction by updating the account.

Shareholders should communicate with Adroit Corporate Services Private Limited, the Company's Registrars and Transfer Agent ('RTA') quoting their folio number or Depository Participant ID ('DP ID') and Client ID number, for any queries relating to their securities.

The Directors and certain Company officials (including Chief Financial Officer and Company Secretary) are authorised by the Board severally to approve transfers, which are noted at subsequent Board Meetings.

As on 31st March, 2025, 7118262 equity shares representing 96.31% of the total paid-up Capital of the Company are held in dematerialised form.

CERTIFICATES FROM PRACTISING COMPANY SECRETARIES

As required by Regulation 34(3) and Schedule V, Part E of the SEBI Listing Regulations, the certificate given by M/s Sudhanwa S. Kalamkar & Associates, Practicing Company Secretaries regarding compliance of conditions of corporate governance, is annexed to the Board's Report.

As required by Clause 10 (i) of Part C under Schedule V of the SEBI Listing Regulations, the Company has received a certificate from M/s Sudhanwa S. Kalamkar & Associates, Practicing Company Secretaries certifying that none of our Directors have been debarred or disqualified from being appointed or continuing as Directors of the Company by SEBI or MCA or such other statutory authority.

CEO AND CFO CERTIFICATION

As required by Regulation 17(8) read with Schedule II Part B of the SEBI Listing Regulations, the Chief Financial Officer has given appropriate certifications to the Board of Directors.

RECONCILIATION OF SHARE CAPITAL AUDIT

The Company Secretary in Practice carried out a Reconciliation of Share Capital Audit to reconcile the total admitted capital with National Securities Depository Limited ('NSDL') and Central Depository Services (India) Limited ('CDSL') (collectively 'Depositories') and the total issued and listed capital. The Audit confirms that the total paid-up capital is in agreement with the aggregate of the total number of shares in physical form and in dematerialised form (held with Depositories). The Audit Report is disseminated to the Stock Exchange on quarterly basis and is also available on our website at www.rishitechtext.com

RELATED PARTY TRANSACTIONS

The Company has formulated a policy on related party transactions which is also available on the website at www.rishitechtext.com. This policy deals with the review and approval of related party transactions. The Board of Directors of the Company has approved the criteria to grant omnibus approval by the Audit Committee within the overall framework of the policy on related party transactions. Prior omnibus approval is obtained for related party transactions which are of repetitive in nature and entered in the ordinary course of business and at arm's length. All related party transactions are placed before the Audit Committee for review and approval.

All related party transactions entered into during the reporting period were in an ordinary course of the business and were at an arm's length basis and the Company has obtained prior approval of the Audit Committee.

The Company has sought its member's approval for the related party transactions that are material within the meaning of Regulation 23 of the SEBI Listing Regulations. The transaction entered during the Financial Year 2024-2025 with the related parties have been approved by the members in advance and the disclosures of transactions with related parties have been set out in Notes to Accounts - Note No. 35 forming part of the financial statements.

During FY 2024-25, the Company did not have any material pecuniary relationship or transactions with Non-Executive Director apart from paying Director's remuneration.

VIGIL MECHANISM

The Vigil Mechanism approved by the Board provides a formal mechanism for all Directors, employees and vendors of the Company to approach the Chairman of the Audit Committee of the Company and make protective disclosures regarding the unethical behaviour, actual or suspected fraud or violation of the Company's Code of Conduct. Under the Policy, in addition, Directors, employees, and vendors, may approach the Chief Ethics Counsellor to make any such protected disclosure. During the year under review, no person has been denied access to the Chairman of the Audit Committee. Details of the Vigil Mechanism are given in the Board's Report.

The Members of
Rishi Techtex Limited.

I have examined the compliance of the conditions of Corporate Governance by **Rishi Techtex Limited** ('the Company') for the year ended on **March 31, 2025**, as stipulated under Regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of Regulation 46 and para-C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The compliance of the conditions of Corporate Governance is the responsibility of the management of the Company. My examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me, and the representations made by the Directors and the Management, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended on **March 31, 2025**.

I further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF RISHI TECHTEX LIMITED

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Rishi Techtex Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31st March 2025 and its profit (financial performance including other comprehensive income), its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibility under those Standards are further described in the Auditor's Responsibilities for the audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current year. We have determined the matters described below to be the key audit matters and were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon. We do not provide a separate opinion on these matters.

Sr No	Key Matters	How our Audit Addressed these Matters
1.	Uncertain Indirect unsettled and disputed tax provision (as described in note 39 of the financial statements) <ul style="list-style-type: none"> The Company has ongoing litigation with Enforcement Directorate. This dispute is pending with Appellate authorities. The management has assessed the future outcome of this ongoing proceeding and exposure which directly affects the valuation of indirect tax liability provision in the financial statement. As the future outcome of this matter and the accounting effect thereof, is based on assessment of complex matter which may take time to finally resolve, the valuation of indirect tax provision related to uncertain indirect tax position has been considered as key audit matter in our audit of the standalone financial statement. 	<ul style="list-style-type: none"> We have obtained all the details of litigation upto 31st March, 2025. There is no change in the status of the case. We performed test controls of management process of assessment and estimates with regard to uncertain indirect tax position. We inspected written communication between the Company and indirect tax authorities and involved indirect tax specialist to assess the management's underlying assumptions in estimating the indirect tax provision and the possible outcome of the dispute. We also considered the effect of the new information in the financial year 2024-25 to evaluate if there is any change in the management's position on these uncertainties. We tested the adequacy of disclosure relating to uncertain indirect tax position for the year in the standalone financial statement.
2	Accounting for Expected Credit Loss on trade receivables <ul style="list-style-type: none"> Management has considered estimates in computing the expected credit losses after considering credit history of customers and current market realities. 	<ul style="list-style-type: none"> We have performed audit procedures that included management discussions on company's understanding in relation to the adoption of the standard and installing a process of its implementation. We reviewed the past data, customer history and assumptions arising therefrom in deciding and computing loss rate for different ageing buckets identified by the management. We also reviewed the application of any specific provision for customers which was necessary in the given circumstances. With respect to forward looking assumption considered by the Company, held discussions with the management and corroborated the assumption using both internal and externally available information on attest basis.

Information other than the standalone financial statements and auditors report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The annual Report is expected to be made available to us after the date of this auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of financial statements, our responsibility is to read the other information, identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of section 143 (11) of the Act ("the Order"), we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure B"**.
- (g) With respect to other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
The Company has disclosed the impact of pending litigation with Enforcement Directorate and subsequent development in its standalone financial statement Note No. 39. This amount has been shown as contingent liabilities in Accounts.
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31st March 2025.
 - The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - The management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - The Company has neither declared nor paid any dividend during the year.
 - Based on our examination which included test checks, the Company has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 01, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2025.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of Independent Auditors' Report on standalone financial statements of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Rishi Techtext Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under Section 143 (10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls with reference to financial statement. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respect.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the IndAS Financial statements as at and for the year ended 31st March, 2025

1. General information:

Rishi Techtex Limited is a public company incorporated and domiciled in India. Its shares are listed on the recognized stock exchanges, namely BSE Limited, in India. The registered office of the Company is located at 612, V. K. Industrial Estate, 10-14, Pais Street, Byculia (West), Mumbai 400011.

The Company is engaged in manufacturing of Shade nets and Plastic Woven Sacks and supplying to fertilizer and cement industry. Company has consistently developed number of products to cater to a wide spectrum of industries such as cement, fertilizer, chemical Petrochemical, etc.

These financial statements were authorized for issue by the Board of Directors on May 26th, 2025.

2A. Summary of Material Accounting Policies

This note provides a list of the Material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

i. Basis of Preparation

a) Statement of Compliance

The financial Statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

b) Historical cost convention

The financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain items that are measured at fair value as required by relevant Ind AS:

- Financial assets and financial liabilities measured initially at fair value (refer accounting policy on financial Instruments).
- Defined benefit and other long-term employee benefits.
- The financial statements are presented in ₹ and all values are rounded to the nearest lakhs, except when otherwise indicated.

ii. Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and the liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known or materialized.

iii. Revenue recognition

The Company's contracts with customers could include promises to transfer multiple products and/or services to a customer. The Company assesses the products / services promised in a contract and identify distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables. For determining the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation, judgment is required. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted to the transaction price unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer. Revenue for fixed-price contract is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

iv. Foreign currency transaction

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Monetary items denominated in foreign currencies at the year-end are restated at closing rates.

Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain/ (loss).

Foreign exchange gain/(loss) resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gain / (loss) are presented in the Statement of Profit and Loss on a net basis within other income/ (expense).

v. Property, Plant and Equipment

Freehold Land is carried at historical cost. All other items of Property, Plant & Equipment are stated at cost of acquisition, less accumulated depreciation and accumulated impairment losses, if any. Direct costs are capitalised until the assets are ready for use and includes freight, duties, taxes and expenses incidental to acquisition and installation. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the statement of profit and loss during the reporting year in which they are incurred. Subsequent expenditures related to an item of Property, Plant & Equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Company and cost can be reliably measured. Losses arising from the retirement of, and gains or losses arising from disposal of Property, Plant and Equipment are recognised in the Statement of Profit and Loss.

Depreciation

Depreciation is provided at written down value method according to useful lives of the Assets at the rate specified in Schedule II of the Companies Act, 2013. Depreciation on additions/deletions is provided on pro-rata basis to the months of additions/deletions. The estimated useful life of the Property, Plant and Equipment is as below:

Assets class	Useful life
Factory Building	30 years
Plant & Equipment	15 years
Furniture & Fixtures	10 years
Vehicles	8 years
Office Equipments	5 years
Computer & Audio visual	3 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting year.

vi. Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the disposal proceeds and the carrying amount of the asset and are recognised as income or expense in the Statement of Profit and Loss.

Intangible Assets with finite useful lives are amortized on a straight line basis over the following period:

Assets class	Useful life
Website Development	6 years
Technical Know-How	10 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

vii. Impairment of assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. For the purposes of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets, is considered as a cash generating unit. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists or may have decreased, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

viii. Financial instruments

Financial assets (other than trade receivables) and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through statement of profit or loss are recognised immediately in the statement of profit or loss.

Financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost. The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Subsequent Measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income:

Amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at fair value through profit or loss.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss ('ECL') allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets:

A financial asset is derecognised only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

ix. Inventories

Raw materials, packing materials, purchased finished goods, work-in-progress, manufactured finished goods, other than specific spares for machinery are valued at lower of cost (which includes duties and taxes, except those subsequently recoverable) net realizable value. Cost is arrived at on moving weighted average basis.

However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventory to the present location and condition.

x. Trade receivables

Trade receivables that do not contain a significant financing component are measured at transaction price of good sold or services rendered as defined in Ind AS 115, Revenue from Contract with Customers.

xi. Cash and cash equivalents

In the cash flow statement, cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

xii. Leases

The Company's lease asset classes primarily consist of leases for land.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the balance sheet and lease payments have been classified as financing cash flows.

The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.

xiii. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Current and deferred tax for the year.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

xiv. Provisions and Contingent Liabilities

The Company recognizes provisions when a present legal or constructive obligation as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated. Provisions are not recognized for future operating losses.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements; however, they are disclosed where the inflow of economic benefits is probable. When the realization of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

Provisions and contingencies are reviewed at each balance sheet date and adjusted to reflect the correct management estimates.

xv. Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

xvi. Subsequent events

Financial statements are approved after considering 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

xvii. Earnings per share

Basic earnings per share is computed by dividing the profit after tax before other comprehensive income by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti dilutive.

xviii. Segment reporting

The board of directors assesses performance of the Company as Chief Operating Decision Maker. The Company is operating in single reportable segment of 'Technical Textile' in terms of Ind AS 108. Accordingly, the segment revenue, segment results, segment assets and segment liabilities are reflected in the financial statements themselves as at and for the financial year ended 31st March 2025.

xix. Going Concern

When preparing financial statements, Management makes an assessment of the Company's ability to continue as going concern. Financial Statements is prepared on going concern basis unless management either intends to liquidate the Company or to cease trading, or has no realistic alternative but to do so. When management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the Company's ability to continue as going concern, those uncertainties are disclosed. When the financial statements is not prepared on a going concern basis, that fact is disclosed, together with the basis on which the financial statements is prepared and the reason why the Company is not regarded as going concern.

xx. Rounding of amounts

All amounts disclosed in the Financial Statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

xxi. Recent accounting developments:

The following Indian Accounting Standards have been modified on miscellaneous issues with effect from April 1, 2023. Such changes include clarification/guidance on:

Ind AS 1 – Presentation of Financial Statements

The amendment requires companies to disclose their material accounting policies rather than their significant accounting policies. The Company has evaluated the amendment and the impact of the amendment is insignificant in Company's financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to IndAS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 12 – Income Taxes

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 101 – First time adoption of Ind AS

Deferred tax assets and deferred tax liabilities to be recognized for all temporary differences associated with right-of-use assets, lease liabilities, decommissioning / restoration / similar liabilities.

Ind AS 107 – Financial Instruments:

Disclosures – Information about the measurement basis for financial instruments shall be disclosed as part of material accounting policy information.

Notes: None of the above amendments had any material effect on the company's financial statements except for disclosure of Material Accounting Policies instead of Significant Accounting Policies in the Financial Statements.

2B. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2A, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In the following areas the management of the Company has made critical judgements and estimates.

Useful lives of property, plant and equipment

The Company reviews the useful lives and carrying amount of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Estimation of defined benefit obligation

The company has defined benefit plans for its employees which are actuarially valued. Such valuation is based on many estimates and other factors, which may have a scope of causing a material adjustment to the carrying amounts of assets and liabilities.

Provisions and Contingencies

In the normal course of business, contingent liabilities arise from litigations and claims. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such contingent liabilities are disclosed in the notes but are not recognised. Potential liabilities that are remote are neither recognized nor disclosed as contingent liability. The management decides whether the matters needs to be classified as 'remote', 'possible' or 'probable' based on expert advice, past judgements, terms of the contract, regulatory provisions, etc.

Defined benefit obligations

Defined benefit obligations are measured at fair value for financial reporting purposes. Fair value determined by actuary is based on actuarial assumptions. Management judgement is required to determine such actuarial assumptions. Such assumptions are reviewed annually using the best information available with the Management.

31 Employee Benefit Obligations**a. Short-term Employee Benefits**

These benefits include wages and salaries, including other monetary and non-monetary benefits, compensated absences which are either non-accumulating or accumulated and expected to be availed within twelve months after the end of the reporting period.

b. Long-term Employee Benefits**i) Defined Contribution Plans**

The Company makes Provident Fund contributions, which are defined contribution plans, for qualifying employees. Company has no further payment obligations once the contributions have been paid. Under the Provident Fund Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions payable to these plans by the Company are in compliance with the rates specified in the rules of the schemes. The Company recognised ₹ 36.96 Lakh (previous year ₹ 37.01 Lakh) as an expense and included in Note 28 – Employee Benefit Expenses 'Contribution to Provident Fund and Other Funds' in the Statement of Profit and Loss for the year ended 31st March 2025.

ii) Defined Benefit Plans

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on retirement / resignation or retirement under VRS at 15 days salary (last drawn salary) for each completed year of service. The present value of gratuity obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The following table sets out the unfunded status of the defined benefit schemes and the amount recognised in the financial statements:

b) Fair Value Hierarchy of Financial Assets and Liabilities

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (i) recognised and measured at fair value and (ii) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, Company has classified its financial instruments into three levels prescribed under the accounting standards below:

Level 1: Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Level 2 inputs are inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Level 3 inputs are unobservable inputs for the asset or liability.

Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Measured at Fair Value Through Profit or Loss (FVTPL)

(₹ in Lakhs)

Particulars	Note No.	As at 31 st March, 2025	As at 31 st March, 2024
A. Financial Assets Measured at Fair Value Through Profit or Loss			
I. Measured at Fair Value			
(i) Investments	4	17.07	17.07
Total		17.07	17.07

Measured at Amortised Cost for which Fair Value is disclosed

The fair values of all current financial assets and liabilities including trade receivables, cash and cash equivalents, bank balances, trade payables and other current financial assets and liabilities are considered to be the same as their carrying values, due to their short term nature. The fair values of all non-current financial assets and liabilities including are considered to be the same as their carrying values, as the impact of fair valuation is not material.

c) Capital Management

Total equity as shown in the balance sheet includes equity share capital, securities premium and retained earnings.

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The management monitors the return on capital as well as the level of dividends to shareholders.

d) Financial risk management

Company's activities expose it to credit risk, liquidity risk and market risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and its impact on the financial statements.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk - interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, other financial instruments.

(ii) Liquidity risk

Liquidity risk is the risk that the Company will find it difficult in meeting its obligations associated with its financial liabilities in time.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying business, Company's treasury maintains flexibility in funding by maintaining availability under cash and cash equivalents, bank deposits and mutual funds.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The tables below analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities.

(iii) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk investments because of fluctuations in the interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations to its preference shareholders.

(iv) Interest rate sensitivity

The borrowing of the Company includes vehicle loans which carries fixed coupon rate and hence the Company is not exposed to interest rate risk.

(v) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, deposits and loans given, investments and balances at bank. The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.
